

On Every Sheet

1. At top of each sheet

The screenshot shows the top of an Excel spreadsheet. A callout bubble labeled 'Sheet Name' points to cell A1, which contains 'HOURLY INCOME'. Below this, a red 'WARNINGS' bar contains the text: 'ONLY CHANGE VALUES IN YELLOW CELLS' and 'DO NOT! DO NOT! DO NOT CHANGE ANYTHING IN OTHER CELLS - You can kill the whole program!!'. A yellow 'INSTRUCTIONS' bar contains: 'Enter your data in the yellow cells.' and 'To clear a cell use Delete key on keyboard ONLY'. On the right, a blue 'NAVIGATION - GOTO' bar lists several sheets: 'START Sheet', 'HOURLY INCOME Sheet', 'DAILY INCOME Sheet', 'WEEKLY INCOME Sheet', 'MONTHLY INCOME Sheet', 'ANNUAL INCOME Sheet', and 'EXPENSES Sheet'. Two callout bubbles are present: a red one labeled 'Instruction Bar' with the text 'Does and Donts', and a blue one labeled 'Navigation Bar' with the text 'Left click on the sheet you want to go to'.

2. In different locations on each sheet - but very easy to find

Summary Bar It immediately shows the results of any changes in input data wherever they occur. So, you can make changes and see the results while staying on the same sheet.

This is the SUMMARY and the RESULTS of all your entries. DO NOT CHANGE ANY OF THEM HERE!

Total Expenses	\$36.89	\$258.20	\$1,291.02	\$5,609.78	\$67,317.35	112.20%	
Actual Pay	\$32.88	\$230.14	\$1,150.68	\$5,000.00	\$60,000.00	100.00%	you actually get while working
Effective Pay	\$16.39	\$114.75	\$573.77	\$2,493.15	\$29,917.81	49.86%	you get if it must last all year
Remaining Effective Funds	-\$20.49	-\$143.45	-\$717.25	-\$3,116.63	-\$37,399.54	-55.56%	
	Hourly	Daily	Weekly	Monthly	Annual	% of Eff Pay	

This bar has four rows showing Total Expenses, Actual Pay, Effective Pay, and Remaining Effective Funds in Five Timeframes – Hourly, Daily, Weekly, Monthly and Annual.

The last column shows Total Expenses and Effective Pay relative to Actual Pay, AND Remaining Effective Funds relative to Effective Pay

To get these results YOU MUST ENTER YOUR WORK SCHEDULE AND PAY RATE on ONE OF THE TIMEFRAME SHEETS in the START Sheet.

Total Expenses is the total of the expenses accumulated on the EXPENSE Sheet.

Actual Pay is the pay you would get while working.

Effective Pay is the pay you earned when you did not work all year with the results spread over the whole year. In this example the person worked 26 weeks out of the 52.18 weeks of a full year. So, they have about half (49.85%) of “Actual Pay” to spend.

Remaining Effective Funds is used because it shows the real financial situation.
